#### MRS. PAGE FRIEL

Mrs. Mary Margaret Kimbal Friel 2, 1927. She was 37 years of age and is survived by her husband and their five children, Joseph Edward, Leola, Viola, Olive and Audrey; also her father and mother and two brothers. She united with the Brethren church when quite young and passed from this life with the full assurance of a brighter and better world awaiting her just over the border land. Her remains were laid to rest in the Fairview cemetery. Let us cherish the thought that when our life work is -ended we will join her in that "better home awaiting in the sky."

#### MINNEHAHA COMMUNITY MEETING

Minnehaha had her first community meeting in the M E. church, Friday night, November 18 J. C. Harper was in charge. The subject was Community Spirit. The County Agent discussed the subject of working together and the value of community work. Papers were read on Community History. Churches, by H Lee White; schools, by Miss Mamie White; Community, by J. C. Harper.

An entertaining program was given by the school children entitled 'The First Thanksgiving in America,'' which was appropriate and well prepared.

Mrs. E. J. Wilson is general chairman for the community. A good crowd was present and a great deal of interest was manifest. The Extension Division is going to publish for this community their history when prepared.

The subject for the next meeting will be a Community Christmas Tree Mrs. Wilson in charge. Minnehaha has caught the idea and as the Greeks expressed it in a proverb—"Arise and let us be going for this is not our resting place." Minnehaha is moving forward

#### HUNTING AND FISHING

Dear Editor:

In regard to dogs running deer, this can be stopped if the true sports men of the community will cooperate with the game wardens. If a dog is seen after a deer, catch him if you can and take him to the warden. If you cannot catch him. I will lend you my 35 caliber Remington, and if you put one of these bullets behind his shoulder he will forever hold his peace.

In last week's paper the Slaty Fork correspondent says the hunters have killed off all the deer and turkeys in that locality. I say it is not the man who hunts in the open season who destroys the game. It is the sneak thief who slips out after the season is closed and kills anything he sees. This is the time for the game wardens to be busy when there are no

sportsmen in the woods. Last fall when the deer season opened, I did not get to go until the eigth day was here. My son and myself went to my old hunting ground, and there we ran into a bunch of fellows who asked us what we were situated hunting for. I says deer. They says ees, and what kind? And I says the one with the chair on his head. They says we ve been shoot and look afterwards. We left the silver them right then and there E. G.

#### Frost 4 Roanoke O

The Frost Old Timers and Roanoke the played an interesting game of soccer as a football at Covington, Virginia Satthe urday, December 8th. The Roanoke the team was made up in part of English sale of v ivi- and Scotchmen who are all lovers of ease in t in soccor football. Mr. Goggins of Lynchburg, Virginia, refereed the game is, as we understand, State Superintendent of Soccor Football Association. Covington has one of the best grounds the writer has ever been on. Roanoke got choice of goals and very naturally took advantage of Seal Sal ser the wind. After the toss-off, it was soon apparent that the Old Timers tory lett on had the edge, an other game bagged, but of course, not without effort of the c against these well trained and scien- received ir tific players who were always alert to the advantage points.

COUNTY CORN SHOW

January 12, 1929, at 1 o'clock p. m.

The corn crop in our county this year was perhaps the best ever grown, and we think it would be most interesting to have it shown, and it would be a medium of supply for seed corn.

We have therefore decided to hold a corn show at our banking rooms on the date named and offer the following prizes:

Reid's Yellow Dent, 10 ears Class 1

First prize \$2.00 Second prize \$1.00

Class 2 Any Other Dent, 10 ears

> First prize \$2.00 Second prize \$1.00

Any Variety, single ear Class 3

First prize \$1.00 Second prize \$ .50

Exhibits will be judged by the State Corn Expert, and the exhibits ranking highest will be sent to the State Corn Show for entry.

Entries received Jan. 9-10-11

Every one is invited to make entries and to come to see the show.

The Brushy Flat and Pleasant Hill schools have raised about \$67 which they are using to improve their schools. Pleasant hill has purchased ten new books for the library, curtains, lamps and other things which has improved the school house very much. They have also cleared away the brush from the play ground; which was growing into young trees. The Brushy Flats and Pleasant Hillers have joined their clubs and have a membership of about twenty. They are planning on a community Christmas tree on the night of December 24, at the Union Central church.

The Minnehaha 4-H Club met at the school house December 1, 1928. Our president Eleanor Herold, being absent the meeting was called to order by vice-president Ted Reed. The minutes were read and approved. The roll call was answered for which we were thankful. The school gave two plays and sang two songs. #### SHOW

The corn, grain and potato show will be held in Marlinton, Saturday, January 12th. The corn show in the First National Bank. Three classes will be shown—Reid's yellow dent, any other dent, single ear, any variety. The dent corn will be 10 ear exhibits. The winners from the show in the county will be sent to Morgantown.

The oats, wheat and buckwheat will be shown at C. J. Richardson's, each exhibit being a gallon.

The potatoes will be shown at the Farm Bureau Supply Company. The potato exhibit will include Carmen No. 3. Russet Rurals, Green Mountain, Cobbler.

This show would interest both the producer and the consumer. The owners will find a good many admirers and the buyers will be able to find out who has good seed for planting. It is a mutual gain.

The judging will take place at 10:30 A.M. Saturday will be a big day in Marlinton. The Fair Directors have a meeting, the teachers of the county have an institute and the farmers have a corn, grain and potato show.

Dr. Hull is very much missed in his practise in Green Bank district and he is badly needed at home, but it is all important at this time for the county to be represented in the legislature. We have reached the final steps of the good roads scheme and it is important that the missing links in Pocahontas county be brought to the attention of law making body. Dr. Hull was born in Highland county, December 1, 1879, and was educated in Kenmore high school, Randolph Macon College, and the University of Virginia. He was a member of the University football team for the years 1902, 1903, and 1904. He has practiced medicine at Durbin since the year 1907, and has taken an active and prominent part in the affairs of the State and county. He was chairman of the Draft Board during the war. He is a powerful man physically and attracts attention in any assembly he is in. He comes from a long line of Virginia ancestry, the Hulls of Highland county dating from before the Revolution.

## FOR SHERIFF

Fred W. Ruckman, of the Leve's District announces this week as a candidate for the office of sheriff of Pocahontas county, subject to the will of the Democratic party. For deputies he offers J. C. Wooddell, of Greenbank, and George H. Waugh of Edray; for jailor, Lock Herold, of Huntersville; for office deputy, M. C. Kincaid.

A better and stronger ticket would be hard to find. It comes out in response to a general call. It now looks like it will go over with general unanimity, and this editor hopes it will.

Mr. Ruckman is a prominent citizen of Little Levels District. He is a farmer. Also a banker. As a young man he fitted himself for a business career, but was called from the city back to the farm on the death of his father, the late Mathews Ruckman. He applies business principles to farming, and he is now one of our most progressive and successful farmers.

The other day Neal Pritchard of Knapps Creek, brought to this office for identification a curious looking iron implement. This editor put it down as the bottom of an old wooden mould-board plow. It is an interesting relic. It is on display at this office.

Mr. Pritchard found the plow in the woods on the hillside above the Knapps Creek Methodist Church. Along about the time that such plows were in common use, the farm where it was found was occupied by one William Moore, who was the great grandfather of J. H. Buzzard.

Since my announcement was published I have come to the conclu sion that I should not enter the race for the office mentioned, though 1 have the assurance of the support of my friends. I now understand from Mr. F. W. # 300 TONS ICE WASTED IN THE TOWN YEARLY

300 Tons Ice Yearly Waster By Local People—Poorly Refrigeration Is Main Cause.

Marlinton poured 300 tons of melted ice down the drain pipes of its refrigerators during the last year without housewives getting any good from it.

This amazing figure, arrived at by the Leonard Institute of Food Preservation, is the annual ice waste in Marlinton, due to faulty refrigeration. It is based on a survey of ice meltage in Rochester, N. Y., showing a per capita waste of 500 pounds of ice. The American public is literally pouring water into a sieve, the water being in the form of ice and the sieve being the leaky uninsulated refrigerator that does not keep out hot air.

The average family should use about 8,000 pounds of ice a year if the refrigerator is well insulated and the doors fit tightly, according to food specialists. This provdes for keeping the ice chamber well filled in winter as well as summer. Although the ave-

nt, the survey at Rochester, a typical american city, showed that an alarming portion of the ice purchased is wasted each year in the average home For the nation this involves a loss of millions of dollars in ice alone, besides the even greater loss in spoiled food caused by the poor refrigeration.

Purchasers of refrigerators too often consider price alone, say food preservation experts. Like an automobile, the refrigerator should be purchased on performance as well as appearance. The use of modern all-steel refrigerators with approved insulation would go far toward doing away with this heavy loss, they state.

In selecting a refrigator, one with neither the minimum or maximum ice meltage should be chosen, according to the Leonard Institute. The refrigerator that consumes the most ice is, naturally, too costly to keep filled and will not maintain the desired temperature of 50 degrees or less, while the one that consumes the least ice probably has faulty circulation and will not do its job of keeping the food in perfect state of preservation. A reasonable rate of ice meltage is essential to keeping food good. The ice should never be covered with a blanket or paper to retard its melting.

# LOCAL GRIDDERS DEFEAT RENICK

Visitors Outplayed Throughout The Entire Game; Locals Present · Strong Team

The local High School gridders overwhelmed Renick by a 39-0 score in an unimpressive game of football at the Fairgrounds field, last Saturday.

Marlinton displayed an aggressive offense, gaining almost at will, thru any position of the opposing team, and a "rock-wall' defense which held the visitors powerless. Time and again the Marlinton line broke through and smothered plays before they gathered momentum, or hurrying passes and punts, which detracted greatly from the showing made by the visiting eleven.

On the opening kickoff, Slaven, Marlinton end received the ball and made a very pretty run back before being downed. A series of plays regulted in the first touchdown

# RICHARDSON'S CAR STOLEN: IS RECOVERED

State Police Overtake Thief Near Renick; Man Gets Away.

Corporal Jack Tidd and H. R. Shields, of the local detachment of the State Police, did a swift piece of work Saturday night when they over took the thief who stole C. J. Richardson's Buick sedan from in front of the Marlin-Sewell hotel in less than one hour after the theft had been reported.

Driving up to a parking place beside the hotel about ten o'clock, Craig Richardson, son of C. J., at home from Randolph-Macon for the holidays, stopped and as is customary FROSI in these parts, where automobile thieves are few and far between, ESTAB failed to lock the vehicle. When he

Thinking someone was playing a practical joke, and had borrowed it temporarily, he waited patiently for its return. Others, too, scoffed at the idea of it being stolen. Finally the State Police were notified, and they at once set out in their little Chevvie to find the big sedan.

## Mary M'Neel Beard 97, Passes Away

One of the oldest residents of Pocahontas county passed away on Thursday, December 27, 1928, when Mary McNeel Beard, age 97, who was a daughter of Richard McNeel and Mary Edminston, died at her home at Hillsboro.

Mrs. Beard was one of the pioneers of this section. She was a resident of the old state and the new. For almost a century she watched and observed the progress of a nation, state and county. Through it all she has been very active, doing her part in the community in which she lived.

She was the widow of the late M. L. Beard, and is survived by two sons, M. L. Beard and C. E. Beard.

For 85 years she was a member of the Presbyterian Church, and always took an active part in church affairs.

Funeral services were conducted at the Oak Grove Church, at Hillsboro, Saturday, December 29th, and interment made in the McNeel cemetery.

### ADVERTISING BRINGS NEW CUSTOMERS

Into your store. New customers increase the volume of business and increased volume brings increased profits. The following story is told of the Fort Smith Garment Co., by its vice president, Leo Fleming:

"We manufacture overalls and work pants. It took us 12 years to build a business from a scratch to a certain volume without advertising. With advertising the volume increased 500 per cent in two years. In our first twelve years we built our production up to 1000 dozens a month and our overhead and selling cost was \$4000 a month.

becoming advertisers our volume increased to 5000 dozens a month. The overhead and selling cost increased 100 percent to \$8000 a month. As a result the overhead and selling cost was reduced from four dollars a dozen to one dollar and sixty cents a dozen. We reduced the price a dollar a dozen to the retailer, paid 50c a dozen to the advertising appropriation and had 90c a dozen extra profit as a result of the advertising."

### TWO CARS COLLIDE ON HUNTERSVILLE ROAD; 2 INJURED

An automobile accident, in which two cars collided, occurred on the curve opposite Zed Smith's residence early Tuesday morning when Sterl Sharp, driving a 1925 Ford Coupe and Cris Beard's Chevrolet Sedan taxi came together.

According to information concerning the accident, Sharp was coming into Marlinton at a high rate of speed, and in cutting the curve was not over far enough on his side of the road to avoid hitting the approaching car. The taxi driven by J. H. Wimer, of Durbin, and had one passenger. Sharp's car was occupied by Fred Hamrick and Ted Guthrie, of Cass.

In an effort to avoid the accident, Sharp in pulling to his side of the road hit the left front wheel of Beard's car, but it seems that in doing so he got the worse end of the bargain. His car came out with a broken wind shield, broken windows, the left running board and fenders completely smashed, the right front wheel broken, the left door knocked clear out of place, and one broken spring.

In the smashup Sharp received bad injuries about the left arm and shoulder, and one other occupant of the car received severe bruises. The other escaped uninjured. They were brought to the Pocahontas Memorial Hospital, where their wounds were given medical attention.

### VIOLATES GAME LAW

Fishing for trout out of season

and without license is rather expensive, even if you don't catch anything, judging from the case of Cecil Rankin who was caught by game protector, Clarence Tyree, who happened along Tea Creek on Wednesday of last week and found Rankin casting in the stream with a green fly and spinner. He was arrested, but all the time the officer was making the arrest Rankin was making a noble effort to convince him that he was only fishing for suckers. The fish law violator was brought to Marlinton and tried Saturday in A. E. Smith's Justice Court and was fined \$20.00 and costs. The costs were \$7.00, thus causing his little trial for suckers cost \$27.00, enough to buy licenses for twenty-seven years.

# OPENED MONDAY; BIG ENROLLMENT

When the schools of Pocahontas County opened Monday morning at 9:00 o'clock, 3076 elementry pupils, 465 high school students and 125 junior high school students began the first day of their 1928-29 session of school, according to the records of C. E. Flynn, county superintendant.

It is thought that before the close of the first week this number will be greatly strengthened. Already it is more than entered at the opening of school last year.

According to the superintendant's records, there has been employed in the county 107 of the best elementry teachers available, and 27 high-class high school teachers.

For the past month large sums have been expended in renovating school houses and adding new equipment. Each teacher starts into the term with everything in better order than ever before in the history of the county.

Not until the first month's reports come in will Superintendant Flynn know exactly how many are enrolled in the Pocahontas County schools this year, but he is of the opinion that there are some four or five hundred out of school at the present time, and if they do not voluntarily enroll during the next few weeks, an effort will be made to induce them to.

# Head Almost Amputated; Skull is Found in Rose Bush Nearby

(Special to The Journal)

Hillsboro—Dave Barrett, 63, took his own life by shooting his brains out with a twelve guage shot gun at his home on Droop Mountain about 11:00 A. M. January 2nd.

His body was found by his little grand child at noon on the front porch where the tragedy occurred. The head was mangled and mutilated terribly. There was nothing left of the head except the nose, mouth, and chin, the rest being blown completely from his body. A large piece of the skull was found in a rose bush

A large piece of the skull was found in a rose bush near by. Pieces of his brains, and hair was found in various parts of the porch and yard.

No one witnessed the tragedy, nor did the neighbors hear the discharge of the gun. His body was found near the edge of the porch, and the shot gun near by. Neighbors, who arrived later concluded that he had tied a piece of binder twine to the trigger of the gun and to a bench in such a manner as to cause the trigger to snap when the gun was pulled slightly forward. The muzzle was placed near, or at the base of the ear pointing slightly upward. It is evident that the tragedy occurred about 11:00 o'clock because the body was still warm at noon Number four

A coroner's jury was summoned by Dr. H. W. McNeel, local physician, for the holding of an inquest. The verdict rendered by the jury was suicide beyond doubt. No reason is known why he took his own life as he was apparently sane before the

Mr. Barrett lived with his anmarried son Gilbert, who was not at home at that time. On New Year's night the deceased went to the home of his daughter, Mrs. Ken Brown, who lived very near his own residence, and asked to borrow a shot gun, explaining that a weasel was bothering his chickens. Later, near midnight, he returned with the gun, stating that it would not break down for him. He then asked if there was not a better one he could borrow. Returning home with the other gun he was not seen alive again.

It was a habit of Barrett's to visit his daughter and family (Mrs. Ken Brown) every morning and inquire how they were. However, on the fatal morning he did not appear. One of his grand children on his way to school passed through his yard, and saw no signs of him, trying the door he found it locked and no signs of life inside.

The deceased has five sons and daughters to mourn; they are: Holly, of Phillippi; Gilbert, at home; Tom of Spice; Mrs. Ken Brown, of Spice; and one daughter who lives near Edray.

# FLU EPIDEMIC REACHES 500

Disease Not in Virulent Form; Claimed as Bad as In 1918.

The flu epidemic has assumed great proportions in Marlinton and surrounding community, according to medical authorities, who report more than five hundred cases in this immediate section. It was hoped that the epidemic would soon reach its zenith, but instead new cases are being added daily.

The local doctors, who are doing everything within their power to relieve the host of sufferers, are experiencing a session of the hardest work since the epidemic of 1918, according to one physician.

Although no deaths have been reported as being directly from the flu, the disease is prevalent in a very bad form, and special precaution is advised by doctors to prevent death from some other malady which might accompany the dreaded disease.

#### Marlinton Offered Chance For Great Fame

Inventor of New Cuss Words Will Fut Town on Map

There is a wonderful opportunity awaiting someone, somewhere in this country. The man or woman who will be made famous by his or her special ingenuity, may be a resident of Marlinton. The females are included in this opportunity because for the past several years they have been gradually becoming more and more competitors of the men folks in almost every line of endeavor, and it is just possible that some woman may fall heir to this unusual renown and have her name carved in glittering letters on the tablet of fame.

Everything has been hitting on all six. so to speak, and wonderful progress has been seen in business, literature, art, commerce and invention. After a close check-up, however, it has been discovered by a very learned authority on the subject that the world is somewhat backward in one particular. ### FORD PLANS 5-DAY WORK WEEK

Detroit, Mich., Jan. 2.—To maintain a five-day week for employes and at the same time operate factories six days a week an aditional 30,000 men will be employed by the Ford Motor Co., and production increased 20 per cent before March 1, officials of the company announced here today.

Only the factory here will be placed on the six day basis at this time; but it was indicated assembly plants in other cities would be transferred to the same system as production increased.

Employment of the additional men required will bring the Detroit employment roll of the Ford company to 150,000 men. Preference will be given unemployed men now in Detroit, the announcement said, and warned that men coming here from other cities would find little opportunity for employment.

The plan calls for assignment of six men to five jobs, in order that each may have two days' rest a week.

"A six-day week is all right for machines," said Henry Ford in explaining the plan, "but a five-day week is enough for men."

It is estimated that under the plan production can be increased 6,500 cars a week and costs lowered thro' reduction of idle machinery.

Misses Mary E. Bartholomew and Catchie Bartholomew gave a dance at their respective home on the evening of January 2. Square dancing was the main feature although there was some round dancing during intermissions. A very large number of young folks were there from different communities, Hillsboro, Huntersville, Frost, and Marlinton. Refreshments which consisted of sandwiches and punch were served at 12:00 o'clock. The music was exceptionally good and the gaiety of the crowd was unsurpassable. Because a bucket of minnows lived only four minutes after being placed in the river opposite the Durbin Tannery, Superintendant H. M. Widney precipita- accepted an invitation Friday from est in 24 State Game Protector Ernest Angelo and District Protector Theodore Moore, to appear before Justice of the Peace J. A. Patterson, at Arbovale, on that day and receive punishment for polluting Greenbrier river to the extent that fish life is endangered.

> According to the story of the protectors, they suspicioned that the water opposite the tannery was rank poison, and to verify their suspicion spent an hour or so seigning minnows to give it a trial. After getting a good supply of healthy minnows, they confronted Mr. Widney and invited him to help perform the experiment. He told them where to put the minnows and four minutes after they were placed in the water all signs of life was exterminated.

> Mr. Widney was taken before Just tice Patterson, and after much aren mentation, the penalty was fixed at \$15.00.

A Ford car that had fallen into Fernan Lake was submerged for twelve days before being raised. After a new battery and carburetor bowl were installed, it was driven back to Spokane under its own power.

Many police departments have written of the special advantages of the Ford in crowded traffic because of its alert speed, acceleration, and ease of control. An increasing number of fleet owners are also purchasing the Ford because their cost

### Foster Gets Two Years.

Luther Foster, sergeant of the town of Cass, was last week sentenced to two years in the penitentiary by Judge Miller who was presiding over the Pocahontas county circuit court in the absence of Judge Dice. The case attracted more attention than any other at the term held last week. Foster had been a policeman at Cass for a number of years. Several times he has been charged with taking money from prisoners whom he had arrested in a drunken condition. In this particular case he was charged with taking \$234.50 from a woodman and only returning \$114.61 when he released the prisoner. He was indicted in several cases, we understand, but was only tried on the one indictment. After hearing the evidence, the jury found a verdict of guilty and he received the two year sentence. Foster claims that it is a frame-up job on him. There is a considerable division of opinion among those who are best acquainted with the ex-policeman. He will try to get a new hearing. Foster is originally from Monroe county.

### Sad Drowning of Young Man.

The sad new of the drowning of Charles C. Clark, of Academy, was seceived here Tuesday of this week. The fatality occurred at Gauley Bridge, where the young man was working, Tuesday morn-The particulars have not been fully learned.

It seems that Mr. Clark was employed at the C. & O. station at Gauley Bridge as assistant to his cousin, Forest Clark, who is agent at that point. He was employed at night and each morning after quitting work would go to the river to take a bath before retiring for the day. On the morning of the drowning he went to the river by himself after eating breakfast and as was his custom went in bathing. He was quite a piece from the shore, when being seized with a cramp, sank before help could reach him. The river was dragged for his body, which was found about twenty minutes after it had sunk beneath the waters of New river. Doctors worked over the body almost a half hour before life was pronounced extinct. The remains were prepared for burial and brought to Academy, his former home, Wednesday. That afternoon he was laid away in the presence of a large assemblage of sorrowing friends and relatives. He was a very popular young man, a son of J. H. Clark, of Academy, who with his family has the most profound sympathy of the entire community. The young man was farris and her about 20 years of age.

E. M. Parsons, superintendent of the Parsons Handle Factory, left this city, March 24, on a business trip that took him to Richwood and on to Parkersburg. He was accompanied by Mrs. Parsons. The Parson home is in Belpre, Ohio, and on arriving at Parkersburg they were compelled to leave their car and travel a mile and a half in a boat through the streets of the city. They returned to Marlinton Friday and announced that the handle factory will be moved here from Webster Springs as soon as the roads are in condition.

Institutes througout the state, were here last week to attend the State Mid-Year Executive committee meeting of the Woman's Christian Temperance Union which was held in the Marlinton Methodist church. Each of these women spoke on the five different points of the Frances E. Willard Centenary Fund.

On Wednesday night, Mrs. F. L. Miller gave a demonstration and lecture at the church, on Alcohol Education, showing the effect it has upon the body. Thursday morning at 11 o'clock she gave it again in the Marlinton high school auditorium to the student body. Large crowds attended these public meetings and the demonstration was very interesting and helpful.

The highest CCC camp in the state of West Virginia is Camp Bowers. Located in the hills of Randolph county, on the head waters of Mill Creek, and in the recently acquired Kumbrabow State Forest, this camp stands at an elevation of 3580 ft.

In the heart of the best hunting and fishing section of West Virginia, it is entirely proper that the State Conservation Commission should plan a game refuge in this area, and it is to that purpose, as well as the building of an efficient fire control system, that the work of Camp Bowers is dedicated.

# MOTION PICTURE BASED ON THE NOVEL BY

It has been the policy of all camp officials to make friends locally. The echnical service and the army have cooperated along this line, and the results have been very good. Dances at camp are a regular feature during easons when the roads are open, and even during the winter weather the local people come in regularly to movies each week, in spite of the fact that the nearest town is nine miles away.

Camp Bowers is under the command of Captain Thomas M. Barton, who is now residing in Beverly, and George Harris of Beverly is in charge of the work projects.

### What Is The Constitution?

By RAYMOND PITCAIRN

National Chairman Soutiness of the Republic

It has become the fashion in recent weeks for certain public officials to say that the Constitution issue is fading from the current political picture.

They are wrong. No attempt to mini nise its importance can alter the fact that the Constitution will remain a dominant issue so long as the American people are determined to resist all efforts to curtail their individual rights and privileges.

But the Constitution is far more than a political issue. It is more than a written code of fundamental law. It is the permanent expression of the American spirit of the American Way of Life.

There are today-and there will contimue to be-men, in public office and out, who don't approve of the American Way of Life. Charmed by modern Shropean experiments, they would like to change our basic gratem of government by the people, to a form which places all political power in the bands of one or more officials.

#### PASTURE IMPROVED BY SUPERPHOSPHATE AND LIME, ALL SOIL

Practically all soils in West Vicginia respond favorably to lime and superphosphate when applied to pastures, C. P. Dorney, county agent points out in a letter mailed to farmers in this county this week. Although dated on April 1, Mr. Dorney says there's no feeling about the need for pasture improvement in this county nor about what the application of lime and superphosphote when applied at the same time will do for run-down pastures.

In his previous letters on the need for pasture improvement the county agent has eited a lot of evalence to back up his claims and in the letter mailed this week reports more results of experiments conducted by the W. Va. Agricultural Experiment 'et lan. This time be tells about two expriments being conducted in cooperation with the United States Department of Agriculture on different types of soil. One located near Moorefield in Hardy county and the other near Morgantown in Monongalia county.

en.

13

The experiments in question began in 1930 and results in terms of the average number of pounds of dry matter produced per acre on a vently basis for the six-year period including 1935 have been reported by Dr. W. H. Pierre, agronomist, in charge of the work. Yields were larger at Moorefield on Huntington silt loam soil than at Morgantown on DeKalb soil but the increases in yield due to treatment were greater on the De-Kalb soil. In fact, the application of potash and nitrogen gave practically no returns on the Huntington silt loam but did resuit in appreciable increases on the DeKalb soil.

As was the case in other experiments previously reported the application of either lime or superphoses phatt alone gave relatively small increases in yield in comparison to the increases resulting from the application of both together. This was true on both types of soil.

With no treatment the yield of dry | ne matter per nere on the DeKalh soil; was 708 pounds and 1290 pounds on

the Huntington silt loam. When the time alone was applied there was an sugrense of 152 pounds or 21 percent

e former and 83 pounds or only seent on the latter. Likewise eplication of superphosphate resulted in sincreases of 265 ds or 31 percent and 240 pounds

Mrs. Lou Pyles Killeen Stiger, 59, passed away Saturday, Feb. 22, at the Pocahontas Memorial Hospital. She had been ill for several weeks.

Funeral services were conducted from the Marlinton Methodist church Monday afternoon at one o'clock, by the Rev. B. W. John, assisted by Rev S. B. Lapsley. Interment in the Mc-Neel cemetery at Hillsboro, where brief services were conducted by the Rev. John Light.

The flower girls were Mesdames John Bear, Ida Rexrode, Dewey Stemple, Sherman Moore, Paul Overholt, James Bear, Frank McLaughlin, Clark Young, Charlie Clendenen, Herbert Vaughan and Anna Thomas, Misses Fleeta Lang, Mabel Lang and Margaret McLaughlin.

The pallbearer were Clark Young, Sherman Moore, Frank McLaughlin, James Bear, John Bear and I. B. Bumgardner, Jr.

Mrs. Stiger is survived by her husband, Walter Stiger, two daughters by a former marriage, Mrs. Frank Moore and Mrs. Ralph Burns and a neice whom she has reared, Miss Virginia Pyles, all of Marlinton; one mister, Mrs. Docie Cook of Seebert; and six brothers, Sherman, Auburn and Ernest Pyles, of Seebert; Peyton Pyles, of Huntersville, and Elburn Pyles, of Caldwell.

The deceased had been a member of the Methodist Episcopal church of Seebert since early childhood. She was a kind, loving woman and no greater tribute can be paid her than that she lived her life for others.

### JUDGE SHARP—THE CALL IS CLEAR FOR HIM

(From the West Virginia News Feb. 20)

Judge Summers H. Sharp has not yet decided to become a candidate for governor in response to a loud, clear call which has quickly become state-wide. The News can get no word that he will—only that he is considering it with a deep appreciation of the interest friends and even strangers to him personally are showing, and will make up his mind soon.

In the meantime, Sam T. Mallison, Wheeling Intelligencer staff writer and political observer, has sensed somewhat the strength and fitness of this able jurist. Mr. Mallison writes to his papers:

Editor Cottle of the Morgantown Post is undecided whether Governor Rolph of California acted wisely when he directed that a man about to hang should be given a supply of good liquor to cheer him through the last hours on earth. He seems to labor under the impression that men the hanged as a punishment and that supplying the victim with smacks of making a holiday of it. The state does not hang or electro\_ cute men to punish them but to put them out of the way so they can do society no further harm. If punishment were the aim, it were well to hark back to some of the torments invoked by the Inquisition, such as burning alive, boiling in oil, flaying or any one of a hundred other cleverly devised means of insuring that the victim was tortured beyond further endurance. I have always suspected out in other co that a slow fire was the surest means of exacting the greatest pain the human body could endure; but, having the way to b made no experiments along this line, been enjoyed I am quite apt to be mistaken.

# A LIBERTY TO BE PRESERVED

Two hundred years ago Peter Zenger, publisher of the New York Gazette, was imprisoned by the Royal Governor of the Colony of New York because he dared to criticize the Governor's actions in his newspaper.

A jury set Zenger free after he had lain in jail for several days, and declared it to be right of every free man to speak and write his opinions freely on

any subject, even the Royal Governor.

From that day on the freedom of the press has been one of American's most cherished traditions. Numerous attempts have been made to place the newspapers of the nation under Governmental control. Under the infamous Alien and Sedition Act, at the beginning of the last century, many editors were imprisoned for saying what they thought of those in authority and their actions. But so greatly was public opinion aroused by these high-handed proceedings, that the very first amendment to the Constitution of the United States was the one guaranteeing the right for free speech and a free press.

Lately there have been renewed efforts in many quarters to control the Press of America. Not only local and state authorities have tried to dictate what shall and shall not be printed, but there have been hints and threats from those high in the Federal Government itself. Not long ago an agent of the Department of Labor threatened to prosecute for treason a newspaper which printed a criticism of the effort to unionize certain industries. His threats was promptly disavowed by his superiors, but since then similar threats to "climp down" on newspapers and reporters which dare to criticise the NRA have been voiced by General Johnson himself.

The United States has not yet become a despotism. We are not ruled by a Dictator. The first act of thsoe who usurp power is always to try to control the Press. It is time now, when the trial of Peter Zenger is being celebrated as a great historical event, to declare once more that neither this newspaper nor any other newspaper in America will tolerate any effort by Authority to say what it may or may not

print.

# COPPERHEADS WIN OVER LEWISBURG HERE LAST SATURDAY BY SCORE 7—0

Evans and Sharp are Outstanding In Backfield—McFerrin and Simmons Star In Line—Hillsboro Here This Saturday

The Marlinton high school "Cop\_ perheads" returned to the native den last week after drubbing at the hands of Coach Sam Rice's "Green Devils" to whip the "Fighting Senators" of

Lewisburg high seven to nothing.

The game was listless for three quarters but in the last period the "Copperheads" started a march featuring Evans and Sharp that finally netted the lone marker of the game.

The Miles coached machine looked in every way to be superior but only

on one occasion was the goal line of the locals seriously threatened. The defense of the Senators was clicking but the offense was unable to gain ground against the stellar playing of McFerrin and Simmons.

The game as a whole was not spectacular, but to the "Copperhead" fans, the score indicated a better working machine than the one that stacked up against Renick in the opener. The McLaughlin coached "Hillbillies" from Hillsboro will be met on the local field this Saturday, October 28th. Fans of the locals are urged to come and see a battle for the county championship.

### GETS 1ST PLACE WITH FLOAT AT FESTIVAL

First Place

Pocahontas County's float which was entered in the parade at the Mountain State Forest Festival at Elkins, held on last Thursday, Friday and Saturday, took the lead for first place over the rest of the state.

Pocahontas county's float, which symbolized this county, was made to represent the birthplace of rivers, all starting within the bounds of the county and with no water running into the county from any other county or state. The float also symbolized the high altitude of Pacahontas county, having the highest average altitude east of the Rocky mountains.

The eight rivers rising within the bounds of Pocahontas county, which were depictde on the float, are: the Tygart, Greenbrier, Elk, Gauley, Cranberry, Cheat, and Williams.

The four highest points of the central silver structure represented the four highest mountain peaks, the graduated slope of the wings represented the lesser elevations, and the eight white satin ribbons arranged on each side of the float, were lettered in silver with the names of the rivers.

The white and silver costumes worn by the twelve young ladies and five children riding on the float were suggestive of the sparkling clearness and purity of the streams, and also typified the ice and snow which melts high in the mountains to feed the head springs of these streams. The seating arrangement of the girls further carried out the idea of the rivers flowing out of the county-

At a special meeting of the town council for the town of Marlinton, held in its office in the First National Bank building, on Monday of this week, the council rejected the proposal of Mayor Geo. S. Callison to borrow \$15,000,00 from the Unem\_ ployment Relief Administration for and mains in the town.

Immediately following the meeting Mayor Callison tendered his resigna\_ tion, to be considered at the next meeting of the council, which was held on Tuesday night by special call. The council, on the first vote, refused to accept the resignation, but Mr. Callison informed them that he would not serve in that capacity, then his resignation was accepted.

Mr. Callison, in a statement to a representative of this paper, states: "I promised the working people of Marlinton employment before I was elected mayor, and owing to the fact that I cannot get the project I had in mind o mature, I cannot go on serving the people when it is impos\_ sible for me to fulfill that promise

## JMMONING SPECIAL SESSION HUNTER, TAKES FRENCH LEAVE

Pocahontas County won't be a sation calling the legislature into very healthy place in the future for a certain Spencer, W. Va. man Last H. G. The man from Spencerwas he legislature of West Virginit stationed onthe "stand" to do the shivene in extraordinary session coting, while the others separated to 'clock on the afternoon of the drive the uarry. They sighted a fine sy of November, 1933, for the buck and drove him in toward the stand where the kill was to be made, as is the form in this form of hunting-Tthe man who does the actual killing gets the gets the head and the horns also his share of the meatwhich is equally divided among all.

> The Spencer hunter was given the and the carcass was brought to the Durbin Metcantile store, where it was placed in the frigadair.

The hunters the again separated to round up another deer, leaving the same man on the stand, but when they met later at apoint agreed upon, behold the man with the gun was miss, ing, so they returned to Durbin and inquired at the store as to his wher, eabouts.

They were told that he had come in To enact legislation for the carlier loaded the deer meat in his car and left town without a forward. ing address. Maybe it would not be safe to print the various remarks made by members of the hunting par. ty left holding the bag, and neither mould it have been safe for the Spencer man, could they have caught up with him at that particular moment.

He evidently believed in the adapt that "a bird in hand is worth two in a hugh," but his unsportsmanlike act will make him a marked man in the future, so far as hunting in this vic. inity is concerned.

### FRANK RENICK HUNTER IS LAID TO REST AT LEWISBURG

Frank Renick Hunter, aged 70 years, died at the home of his brother, Carter B. Hunter, at Sweet Chalybeate Springs, Tuesday morning, November 7, 1933. He had been in poor health for some time, but only a week before his passing he was about his business as usual. The cause of his death was heart disease and kidney complications.

Mr. Hunter was the second son of Dr. Henry Hunter and Caroline Ren\_ick Hunter. He was born and reared at the Hunter homestead on Green\_brier River at North Caldwell. Of his father's family, there remains one son, Carter B. Hunter, and two daughters, Mrs. Hatie Eakle and Mrs. B. L. Tranham. Twenty\_nine years ago Mr. Hunter married Miss Anna V. Price of Marlinton; she and their two daughters, Mrs. Ramsey McMains and Frances R. Hunter survive.

In religion Mr. Hunter adhered to the faith of his father, and was a member of the Marlinton Presbyter\_ ian church.

Nearly 35 years ago. Mr. Hunter came to Marlinton as the cashier of the then newly organized Bank of Marlinton. From that time on he took a prominent part in the business affairs of the county and its development.

On Wednesday afternoon at 3 o'\_
clock his remains were laid to rest
in the Hunter family plot at the Old
Sone Church at Lewisburg. The funeral was conducted from the Hunter
home at Sweet Chelybeate by the
Rev. Shiflett of the Presbyterian
church.

# LARGE CROWD AT DURBIN JULY 4

Despite a continuous rain last Thursday, July 4th, an orderly gathering of approximately 1,500 people spent an enjoyable day at the homecoming celebration held in Durbin.

The morning activities started off at 10 o'clock with a street parade which would have been a credit to a town much larger than Durbin. Several floats, 4-H clubs, school children and citizen's participated in this event, led by the Durbin band. Homer MsNeel won the prize for the best float; Miss Lola Little, for her ability as a horse rider; Durbin 4-H, under the leadership of Mrs. Evert East, carried off honors with the Pine Grove 4-H club, led by Glenn Tracy, was second; Audrey Rexrode and Dallis Butterball won the most original costume awards; Miss Ruby Woods, most beautiful costume; honorable mention were given to Dr. G. F. Hull, as "Uncle Sam"; and Miss Propst as "Miss Columbia."

The school children of Durbin and Frank, were dressed to represent periods in our history and drew a great round of applause as they marched down the street. They were under the direction of Mrs. S. A. Wilhite,

The school children of Durbin and Frank, were dressed to represent periods in our history and drew a great round of applause as they marched down the street. They were under the direction of Mrs. S. A. Wilhite, Mrs. B. C. Townsend, Mrs Max Poscover and Miss Mary Wilson.

Immediately after the parade the band entertained with several numbers and were followed by a group of singers composed of B. J. Snyder, of Bartow, leader; R. R. Dodd, J. D. Wilmoth, Mrs. A. E. Bunner, Mrs. B. J. Snyder, Kenna Rexrode, Woodrow Shumate, Mrs. B. C. Townsend, Warder Rose, Mrs. George Hull, C. Forrest Hull and E. L. Fenton. This group entertained all day and deserve a great amount of credit for the success of the celebration.

Dr. George Hull introduced Mayor C. F. Hull, who after a few brief remarks of welcome introduced the speaker of the morning, Clarence Maxwell of Elkins, who gave several pointers as to what Durbin could expect from tourist trade of the future and suggested a change of the name of Durbin to Travelers Repose.

The ever-growing burden of taxes, the inevitable result of enormously increased governmental spending, is awakening the American people to a realization of the far-reaching economic and social consequences involved in piling up national debts and deficits, and the methods used to influence extravagant expenditures by state and local taxing bodies. With the largest peace-time government payroll in the history of the nation, and with our government spending at the rate of approximately \$12,-600,000 a day in excess of income, it is evident that even present exorbitant taxes cannot be streched out to cover the vast expenditures.

The cost of government todaynational, state and local-is equal to approximately one-third of the total income of all of our citizens. Brookings Institution has reepeatedly stated that those engaged in gainful occupation receive about 85 per cent of the national income in wages, so it is seen that the heaviest burden of government spending falls upon the terfuge working class.

### Tax Collectors Everywhere

Nearly every person whom you encounter in business exacts from you a portion of the huge tax bill you are required to pay. The butcher, the baker, and every other merchant is on the job, reluctantly to be sure, day in and day out gathering in the pennies and the dollars for the multitude of taxing agencies. Every time you spend \$5 for your family, taxes take \$1.30 out of that five dollars. When you pay for food, for clothing, for rent, for gas-or everything you buy -you pay the taxes that the government lays on the miner, the farmer, the processor, the manufacturer, the storekeeper, and the landlord. All their taxes are lumped together in the final selling price to you. And you pay them!

Automobile taxes in 1934, including taxes as personal property and in the form of license fees and gasoline taxes, exceeded \$1,200,00,000 which is actually greater than the \$1,147,000,000 received by automobile manufacturers for the cars they sold to dealers.

### Taxes Five Times Earnings

The net earnings of the petroleum industry in 1934 were \$204,000,000. That industry paid \$1,000,000,000 in taxes, or nearly five times its net earnings.

The per capita cost of local, state, and national governments rose from \$33.84 in 1915 to the enormous sum of \$122.52 per person in 1934.

Gossip has it that certain lawyerpoliticos have formulated a brand new plan to bring about agreement between the warring Bittner-Neely-Holt and the Kump-Kelly factions. This bizarre plan would seek to bring the party leaders together by lining them up in 1936 as follows: M. M. Neely for United States Senator.

Homer A. Holt, present attorney general of West Virginia, for governor.

Gov. Kump for judge of the state supreme court of appeals. .

Senator Holt would not be consulted in the matter, and if he began to whoop and holler it is said Van A. Bittner could gag him very affective-

To anyone who follows West Virginia politics and public affairs the above set-up is ridiculous. For this eason: Some months ago Gov. Kump refused the supreme court olive branch, and in view of this, it is not likely that he would accept a lesser office.

The fact of the matter is, there will be no reconciliation amongst the leaders of the Democratic party in West Virginia, either before or after the general election of 1936, and you can bet your bottom dollar on that. They are split wide open-as far as Honkong, China, and Mrs. Murphy's cow.

And what about the Roosevelt-Smith split? Look out for Smith and aching effect upon a third party movement.

Farm Bureau Takes Action to Provide Lime for Farmers

Plans to Establish \$200,000 Cooperative Plant to Cut Costs Approximately in Half

Plans for the establishment of a \$200,000 cooperative lime plant to end the "lime famine" in central West Virginia were launched at Jackson's Mil on Tueslday of last week, September 14, when the committee appointed by the West Virginia Farm Bureau at its annual meeting in August at Jackson's Mill met to consider ways and means of solving the lime problem.

The establishment of such a plant to provide an adequate supply of lime at reasonable cost for counties not already having solved this problem was one of the major objectives included in the program of activities adopted by the Farme Bureau at its meeting and a committee composed of W O Lunsford, Lewis county; C. W Teter, Upshur; G L Hively, Roane, B F Randolph, Braxton; and Brooks Fleming, Ritchie, was appointed to work on the problem.

Reports given at the meeting last week showed that farmers throughout central West Virginia canapply only a small part of the lime needed on their farms due to its high cost. In addition to members of the committee, the meeting was attended by return and from substantialLocals Boast 20 Straight Wins; Seven Lettermen On 1937 Squad

The Marlinton Copperheads, defacted once in threee years by Hillsboro, will start their annual football season Saturday by meeting Franklin here.

With a record of twenty straight games without a defeat, Coach "Bunion" Lord hopes to take histeam through another undefeated season.

The Copperheads, one of the four undefeated high school teams of West Virginia last year, were runners up in the Valley in 934, Greenbrier Valley champs in 1935 and Greenbrier Valley Co-champs in 1936.

Among the gridiron players this year are seven lettermen, all seniors, namely: J. Sheeets, R. Long, P. Malcolm, W. Ruckman, H. L. Sheets, Mc-Million and Poage.

The probable line-up for Franklin game is the following:

Chickens Rather Scarce: Higher Prices Foreseen

\*

Cold Storage Eggs Moving Slowly; Egg Prices Not Expected to Exceed Those of 1936

Higher prices for chickes but egg prices probably not as high as during the fall months of last year, are foreseen by the Bureau of Agricultural Economics of the United States Department of Agriculture in a report on the poultry and egg situation issued on September 9. Chickens for the country as a while made a sharp rise in price during August, but egg prices rose less than is usual at this season.

Records of the ten highest-producing flocks in West Virginia on an about the plan for the eggs-per-bird basis for August 1936 and August 1937, however, show that the owners of the ten high flocks this year received an average af 26 .-172 cents per dozen as compared to an average of 24.04 cents per dozen received by the owners of the ten high flocks in August, 1137.

Market receipts of poultry last month did not increase as usual at this time of year and as a resule the price of chickens rose to its highest point in 1937 at a time when such prices usually decline. Prices of chickens during the remainder of 1937 are expected to continue higher than those that prevailed during the corresponding period of 1936.

Feed Situation Is Better

With the average size of flocks declining less last month than the average for the time of year it appears hat their grand- that farmers are keeping their the

The sale prices are for one day only, with all sales for cash, and no exchanges allowed. You will realize after seeing the great bargains, that merchants could not possibly conduct the sale under any other plan-

In the following list of Marlinton merchants you will see that by calling at their stores, you will be able to purchase anything needed by the family, at a startling low price. But, to be guaranteed that you will receive real bargains, be sure that the merchant's name annears in this list, or that he has an official Dollar Day Sale sign displayed in his store. It is possible that several other merchants will agree to the plan before next Tuesday, should they, a card will be furnished:

#### CAN YOU SUPPLY THE INFORMATION ASKED

The county superintendent's office is preparing a record for each school in the county. When complete this will make up part of the permanent record system now being instituted by the Board of Education. The present record begins with 1910, and when completed will show each teacher for the school until 1961. So far it has been possible in many cases to list all of the teachers for many of the schools. A list of teachers for each school in the county will be published in The Journal, and where blanks occur or where the teacher is listed as unknown, people will assist materially by furnishing the information to the county superintendent of schools. If the office is successful in getting a complete record since 1910, it may be that an effort will be made to carry the record back to 1900 for each building. Available school records are listed below:

The county superintendent's office is very anxious to get a record of
all teachers who taught in the county prior to 1927. Records in the office are not available due to the fact
that trustees employed teachers, and
the minutes of boards contain no
record of teacher employment. All
people in the county whose names
do not appear in the list below should
write Superintendent Flynn giving
the date of tacching and the school
or schools taught. A partial list of
teachers prior to 1927 is given below:

#### TRUCK CRASHES BRIDGE

A truck belonging to the Charleston Tractor and Equipment Co., of Charleston, broke through the bridge over Knapps creew, about a half mile above Huntersville, shortly after noon, Wednesday, March 24.

The truck was loaded with a tractor being taken to the upper end of the county for demonstration purposes. The driver was about midway of the bridge when he heard it crack. Speeding up his vehicle he was able to get within a few feet of the opposite side when the bridge broke loose from both foundations and crashed to the river bed.

The weight of the tractor forced the rear end of the truck straight down. The front wheels were held even with the top of the foundation, the truck standing straight up in the air, allowing the occupants to escape without injury.

# NOTICE

Postal Regulations Make it Necessary that we discontinue mailing papers to persons who are behind with their subscriptions to The Marlinton Journal. During the past several years we were allowed by the authorities to continue sending papers to those who could not afford to pay, we are now faced with the necessity of dropping many who could pay, but have neglected to do so.

Through an agreement the date for dropping delinquent subscribers has been set for April 1. We are not asking full settlement from those on whom it would work a hardship, but merely requesting that you pay whatever amount possibly at the present time.

The sincing power from recently extended into the manty provide chang power for manufacturing. While livin properting has been done, it is bettered that mone valuable minerals are to be found in the county. They are discussed indiges of excellent mable evaluating development.

#### POCABONTAS PEABLS

To the imaginative tourist the titile of this article might indicate that genuine pearls are to be found in Pocahontas County. Pocahontas pearls have a more intrinsic meaning to the dwellers of this county so rick in early pioneering history.

Our pearls are our mountains the Allegheny range whose various green covered elevations harbor race beauty from one end of the county to the other. From the black spruce-covered uplands to the delicately-needled white pine in the lowlands nature supports a wide variety of plant and animal life.

Pioneering initiative in idearing the forests and subsequent industrial development here not detracted from the beauty of the county. Instead, a government aware of the need for conservation has through the C. C. C. made plane to intensive by develop this munty for pressiand future use of the public.

The Monospainta National Forest largest in the real generously spreads part of its great boundary over Posaliumtas County. At Marisons the county seat and at Durbin we find tanger headquarters of the United States Forest Service.

On good roads one can reach the Seneca State Forest and Watopa State Park both located within the Monorgaletia National Forest. Here CCC comps have broutifed a forest and park by making them more acresultie to the public. An artificial lake, attractive log ration, well built first trails through rinchedendron and laurel make a trip worthwhile. Wild life in the form of deer, wild horkey, glowe, squired, and other game may be seen if the Uniter is alert, and quiet.

The West Virginia Conservation Commission has revertly emugicised an altractive group of buildings immoring a trust helefury near Edray. Here millions of eggs are hatched each year and later as fingerling 6th will be deposited in the management threats threates in the county. Also there are host streams to entite the shift of the reader.

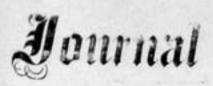

The green broad valleys are courlooked by fire towers breated at strategic points on high mountains. These fire towers are the eyes and the eary of the forest fire control ofgenitation. POCAHONTAS COUNTY POTATOES THE BEST

Above is a view of the vast potato field on the up-to-date farm of G. M. Sharp, above Minnehaha Springs. Mr. Sharp is one of the leading potato growers of the Greenbrier Valley.

Pocahontas county is fast taking rank along with Maine as the leading potat, producing section of the United States and the product of this county's of a far better variety than that of the northern state.

This year approximately 2,000 acres of potatoes have been under cultivation in the county and from the yield of the early spuds it is estimated that the total yield for the year will go far over the 200,000 bushelmark. Under the supervision of C. P. Dorsey, county agent, the farmers of Pocahontas county have started raising this commodity on a greatly increased scale and it is expected that some 20,000 bushels will be produced next year.

The Fair Association has recognized the importance of this farm product and have inaugurated a special Potato Show for the fair this year and are opening the following prizes:

### HOME COMING

Every week in the local newspapers we read of some family reunion. These reunions are very interesting and enjoyable in keeping alive the gene-

alogy and relationship of family names.

Instead of meeting and having your reunions at different localities every year, why would it not be a good idea to meet every year at the POCAHON-TAS COUNTY FAIR and have your family reunion, and also enjoy the Fair and its exhibits? There is sufficient room on the grounds for a picnic dinner, either on the upland in the rear of the grand stand or along the banks of the beautiful Greenbrier which flows along the entire eastern border of the fair grounds. As many reunions as would want to meet would have plenty of room on the grounds.

Why not make it an annual affair, starting this

year?

### Old Time Exhibit

The Fair will soon be here, and when you are getting ready to bring your exhibits of food products, grains, needlework, and other things, do not forget the OLD TIME EXHIBIT. Bring along something with you.

#### CAMP WILL ROGERS

On Tuesday night, Dec. 17, Rev. Johns of the Methodist church of Marlinton, and the quartet of that church visited this camp. Four numbers were presented by the quartet and Rev. John spoke between the selections.

The quartet was composed of the following, Kyle Curtis, first tenor; A. C. McCoy, second tenor; M. C. Kincaid, baritone and W. H Arbogast bass. Curtis McCoy accompanied the quartet on the guitar.

Atty. and Mrs. A. E. Cooper are spending two weeks in Washington and New York.

Fred Sawyers of Hinton, was a guest at the home of Mr. and Mrs. A. P. Edgar, Sunday.

#### DANCE NEW YEARS EVE AT MARLIN-SEWELL

The management of the Marlin-Sewell hotel announced Monday that only a few more reservations were available for the New Years Eve Breakfast dance which will be held at that popular hotel starting at 12:30 and continuing to 4 a.m. New Years. Only a limited number of tickets are being sold for this dance which is the second of a series being conducted by the hotel.

The dance is a variation from the usual ones held in Marlinton in as much as it starts as the new year comes in and continues until morning when a fitting breakfast will be served by the hotel, the breakfast being included in the price of the ticket.

The management is to be congratulated on their efforts to furnish high class amusement to the residents of this city and county.

Reservations may be made at the hotel office.

#### FARMERS TO BE ASKED TO JOIN COUNTY FARM BUREAU

The Pocahontas County Farm Bureau announces its intention of inviting every thinking farmer in the county to join the Pocahontas County Farm Bureau organization in a county-wide drive, following a one lay training school to be held May 20th.

There never was a time when it was more vitally necessary for all armers to unite together to potect and promote their interest. We believe the farmers of Pocahontas County will rally to the great opportunity they now have to individually aid a establishing a permanent policy or agriculture.

"What is the Farm Bureau and what does it stand for?" Is a question often asked. It is a vast organiation comprised of more than 15 .-100 community units located in 37 states. Its aim is to advance agriculture, and in that, it has become a clearing house on which the thinking farmer depends for information to help him to better understanding of his own business. It enables him to cooperate with his neighbor to solve many problems that cannot be solved by farmers individually. To an increasing degree it is becoming the voice of the farmer in those problems.

The voice of the individual in this highly organized world, is, as the still small voice crying in the winderness. It goes unheeded and unanswered. That voice must be united with thousands of others to command attention. The combined influences of many can write justice into the alw, stop exploitation, equalize the tax burden, and secure fair returns for the most essential member of society, the producer of food. It would be difficult for the individual farmer to accomplish at the state capital what

#### DURBIN FIRST MODEL SCHOOL IN COUNTY

Superintendent Flynn has just received from the state department of education a list of the Standard Schools for Pocahontas county. The highest rating that can be given is to a Model School. Before a school can receive this rating it must have a total of 95 points out of 100, and in addition must have an average daily attendance of 94%. Due to the measles epidemic in the county, Durbin was the only school to be rated as a Model School.

First Class schools must have 90 points with an average daily attendance of 90%. The first class schools

The county superintendent's office is preparing a record for each school in the county. When complete this will make up part of the permanent record system now being instituted by the Board of Education. The present record begins with 1910, and when completed will show each teacher for the school until 1961. So far it has been possible in many cases to list all of the teachers for many of the schools. A list of teachers for each school in the county will be published in The Journal, and where blanks occur or where the teacher is listed as unknown, people will assist materially by furnishing the information to the county superintendent of schools. #### HAYSLETT'S LAST PLEA

By John Hayslett, Jr.

I have been reading much lately about the \$10,000 Airport and the Marlinton-Richwood Road. The Board of Trade is strong for both of these. The Council is more in favor of the \$10,000 Airport. Let me make a few suggestions before the town makes a move to buy an airport outside the municipality. It should further its own utility up-keep before thinking of anything else. A few examples of bad upkeep are on North Camden Avenue. The largest corporation tax payers are located there, to-wit: The Union Tanning Co, The Chesapeake & Ohio Railway Co., The Axe Handle Factory, and Williams Saw Mill. These firms, along with the residential sections, are not served satisfactorily with roads, light, water

tial section (On Building In The Alleys Is OK).

or fire protection, although they pay more corporation tax than anyone else in Marlinton.

Here are a few things that North Camden Avenue needs: First, one fire hydrant to be located at the Railroad Crossing. The present hose of the Fire Department are not long enough to reach the C. & O. houses, The Axe Handle Factory nor the Saw Mill, much less the residential district on the upper row. Second, one fire alarm box to be located on the upper C. & O. Crossing. The present one is three blocks away, located at the Sam Hinch residence. Third, we need at least three more street lights. At present there are two on the Upper Tannery Row, and four from the Marlin-Sewell Hotel to the Coal

#### COMING SHOWS

Stuart Erwin, who never has had much luck with his real life bridge, was rehearsing for a scene on the set of the Metro-Goldywn-Mayer comedy, "All American Chump," which plays Thursday at the Rex and Alpine Theatres.

He plays a rustic lightning calculator who sets out to become bridge champion of the world. The cards were dealt, Erwin studied his hand, an dnearly fell from his chair.

He held twelve spades. The script required that he lose the hand!

## TO OUR PATRONS

Due to the new economic conditions under which banks operate today, bank earnings have been greatly reduced. Earnings are not adequate to cover many services which, heretofore banks were glad to give their patrons. Depositors have demanded greater protection and the cost of deposit insurance etc., are added items of expense.

A recent survey of checking accounts in the banks of the country showed that more than two thirds of these accounts are carried at a loss. As recommended by the banking departments, and as has been done by nearly all banks, we must ask our depositors to pay a part of the carrying cost of their accounts if a sufficient balance is not carried.

Please bear in mind that we are glad to have your account, even though it is small, but however the number of checks which may be drawn is limited.

After July 1, 1937 a charge of 50c per month will be made on all checking accounts where the average balance has fallen below \$50.00 and against which more than five checks have been charged during the month.

Any charge on accounts of religious and charitable organizations shall be optional with the banks. Active checking accounts with balances of \$50.00 or more will be subject to analysis and a reasonable charge made if carried at a loss.

DUNMORE

HEADED FOR THE LAST ROUND-UP: Here is an example of the death defying TEE-BONE CRASH, one of the featured stunts of the 12-event program of the "Lucky" Lott Hell Drivers who will perform at the POCA-HONTAS COUNTY FAIR on Friday night and Saturday afternoon and night, during Fair Week, August 12-17. The Hell Driver circles the race track, races up on an elevated rampway, plunges his car through space, sending it smashing and crashing into another old jallopy placed in its path, causing both cars usually to roll over and over while the driver is at the wheel. There will be a number of new and thrilling stunts attempted by "Lucky" Lott's Hell Drivers at the Fair.

Other features on the program, in addition to the improved Fair Exhibits and displays will be: Jones Greater Shows on the Midway; The Grand Ole Opry on Tuesday; Fisher's Animal Circus with Ruby and the thrilling clown, Mel Marcus, on Wednesday and Thursday; and a Horse Show every afternoon and evening, beginning Tuesday.

(If you have not received a 1946 Fair Premium List and would like to have one, write to The Journal Office and one will be mailed to you).

## Graduation Exercises Held For Durbin School Seniors

Commencement exercises for Durbin school were held in the school auditorium Saturday evening, May 26.

Congressman . Jennings Randolph, guest speaker of the evening, was unable to be present because of adverse weather conditions which prevented his flying from Washington as he had planned. His place was well filled by Mack H. Brooks, assistant superintendent of county schools.

The school was presented with a Christian flag by the graduating class.

The outstanding boy and girl of the class were given medals and certificates of honor by Post No. 117 of the American Legion. The pupils receiving these awards were George Sheets and Dorothy Ryder.

As valedictorian George Sheets received \$5 in defense stamps, and Junior Taylor, salutatorian, recevied \$3 in defense stamps. The two gifts were donated by the school.

Mrs. C. A. McMillion and son, Claude Ashton, dedicated a beautiful Bible to the school in memory of Mr. McMiltion, a former principal of the school. This Bible was given in hopes that the Mrs. students of Durbin school would use it as a guide for their lives.

## Dunmore Farm Woman's Club Holds Busy M'tg.

The Dunmore Farm Woman's Club met Thursday afternoon, Sept. 27, at the home of Mrs. S. H. Barlow.

The meeting was called to order by the President, Mrs. B. F. Taylor, and the devotional on "Welcome Home," led by Mrs. John Hevener followed immediately. Songs, "West Virginia Hills" and "Home Sweet Home," were used. Mrs. Ernest Cammpbell read a poem, "A Lullaby."

The lesson on "How To Welcome Them Home," was led by Mrs. Carlon Pritchard, and was well prepared.

Achievement Day which will be Oct. 27 was discussed also projects and reports. Mrs. La Rose discussed glove making and it was decided to have a special day for making gloves. Mrs. C. E. Nottingham and Mrs. Carlon Pritchard gave reports on the County Council meeting.

During the social hour a game was played and the hostess assisted by Mrs. J. J. Noel served delicious cake and tea.

And I say to you, will full knowledge of everything that can be done by agencies financed by public funds, that the private agencies of the National War Fund have a special task to do that is indispensable."

The end of America's wars has brought the most critical period in the history of the National War Fund.

The war is over but its effects and responsibilities are not. For many the war goes on, Millions of American soldiers scattered throughout the world are now relieved of combat duty. The need to maintain their morale and strengthen their spiritual outlook on life has never been greater. Men who are physically fit may become casualties before they return unless our concern for them expresses itself in maintaining the USO and other agencies concerned with their welfare. As never before victory mumst be won on the home front in the coming War Fund Campaign.

The climax in the Pacific and coming morale problems of an occupational army, and convalescence, mean a peak load for the USO with no chance of a let up till spring.

The stricken of formally enemy occupied countries look to us-for whom else can they look but to you and me for help. Lets do our part.

This is the time to show that we on the Home Front can face a hard task with a reflection of the courage of our men and women in the service. Let us let nothing discourage or let down our efforts in Pocahontas County to win a Victory for peace in the October War Fund Campaign, Chairman, District Chairman and fellow workers in Pocahontas County, lets resolve to carry on until Pocahontas County has met its quota in this humanitarian cause. The men and women who have fought to a well earned-victory would not want to believe that our county had failed to follow their example of victory.

1600 men and women of Pocahontas in the armed forces want nothing less than total victory. Organize to reach every giver. The giving is never better than the asking. Let those 1600 know we love them well enough to fight for welfare as they have for our preservation. We are all very busy at this time of year and giving our time and expense for this very worthy cause. When the solicitors call on you be cooperative with them, contribute as liberally as you can. fought to a well earned victory would not want to believe that our county had failed to follow their example of victory.

forces want nothing less than total victory. Organize to reach every giver. The giving is never better than the asking. Let those 1600 know we love them well enough to fight for welfare as they have for our preservation. We are all very busy at this time of year and giving our time and expense for this very worthy cause. When the solicitors call on you be cooperative with them, contribute as liberally as you can. Lets put Pocahontas County over the top.

Very sincerely,

After completing boot training at Norfolk, Va., and specialist school at Butler University, Indianapolis, Ind., he received his first assignment on a combat cargo ship (No. 46), bound for Mermansk Russia.

On the way over, this ship was torpedoed and sunk in the North Atlantic. Bennett was picked up by another cargo ship in the convoy, Combat Cargo Vessel No. 51, on which he spent 13 months, after which he was transferred to the destroyer USS McGowan.

The McGowan eventually went through the Panama Canal to the Pacific theater where she participated in the invasions, of Saipan, Palau and in the liberation of the Philippines. She made a torpedo run against the remnants of the Japanese fleet in the strait of Sirgao. In the support of the establishment of the Leyte and Mindora beachheads, young Bennett saw his first suicide planes, when the destroyer was under

constant attack from the sea and air. i The McGowan then move into Linguyan Gulf in support of another beachhead, then returned to Pelileu to join the 3rd Fleet, headed for the A support of Iwo Jima.

She acted as escort to the crippled carrier, Saratoga, after the Saratoga had been hit by five suicide planes, and brought her back to a safety zone, afterwards rejoining the 3rd Fleet for the support of Okinawa. Off Okinawa, the McGowan was attacked again by suicide planes, but no damage was done. She then went into the Toyko area, bombarding shore installations, and picking up survivors. A great steel plant in the vicinity of Toyko was a special target. Here, too, she was the running escort of three of our big battle wagons.

His twin brother, Raymond, is with the 8th Air Force, and is now at a separation base in California, waiting to be discharged from the service.

These boys are the sons of Mr. and Mrs. Stephen Bennett, who own a small farm on the Greenbank-Dunmore road. Mr. Bennett is a World War hero also, having spent 27 months overseas during the first World War.

He took part in seven major engrements, holds honor medals and was the first volunteer to leave Pocahontas county.

#### ONE OF WAR'S HIGH POINTERS

Aboard the Amphibious Attack Transport USS NOBLE in the Pacific —Beverly C. Kenney, yeoman, second class, Marlinton, W. Va., was expected to be back in the States about November 18 with other Navy men serving aboard this ship, with a happy "cargo" of 2,000 officers and men who are among the "high pointers of the Pacific war.

Assigned to the "Magic Carpet" fleet of some 250 ships, the NOBLE picked up its initial load of veterans at Tsingtao—a group of Bluejackets and Marines, and embarked October 28, for Okinawa, where she was filled to capacity with other veterans, utilizing every foot of space for extra cots for the homecoming.

Crewmen of the NOBLE are generally agreed that their post-war assignments have been even more exciting and interesting than the war operations. In September, the ship carried the first American occupation troops to Jinsen, Korea, then took aboard evacuated prisoners of war for treatment and transfer to the Philippines.

### Deer Kill in Pocahontas Somewhat Lower This Year

-XXX-

Unsettled weather conditions and other handicaps during the week of deer season just completed was rough on hunters who came to Pocahontas this year, and resulted in a somewhat lower figure than usual in the number of deer killed.

According to figures furnished by members of the conservation commission staff, 182 deer were killed in Pocahontas. There were five known illegal kills and several arrests were made for persons hunting without a license. These violations were punished with fines and costs totalling \$691.00.

baseless controversy: without getting out on any unstable limbs. In the meantime, there are many interesting features of this largest member of the rodent family.

He has wonderful fur that is combed and groomed with a so-called "louse comb" on his hind feet. The fur is so fine and dense that his skin never gets wet. He can close both his nose and ears to the entrance of water. Also, he can close his lips watertight and still cut and gnaw under the water. Cutting is done with incisor teeth which are long, curved and razor sharp. If one gets lost or broken he is doomed to starvation. The opposing incisor as result of lack of use and wear will continue to grow from the root and may even penerate the opposite jaw. More than

## Universal Military Training Food Conferences Favored By Pocahontas Post Given In This Dist

At the meeting of the Pocahontas Post No. 50, Amercan Legion, held last Monday, June 11th, it was unanimously voted to support the Gurney-May Universal Training Bill—Senate 188; House bill 515, now before Congress.

This bill provides that all physically fit youth be required to undergo one year of peace-time training in armed forces between their 18th and 22nd 'years, and thereafter be enrolled for six years as reservists. They are not, however, to be subject to call except upon war or other emergency declared by Congress. A boy of may elect to take training at that age with the consent of his parents.

If a youth who completes his training follows it by one year of satisfactory volunteer service in the forces, he will be exempt from the six year reserve enrollment. He may also obtain the reserve exemption by serving in the National Guard or Naval Militia for two years or in an organized reserve unit for three years.

This bill is something that the Legion has fought hard for 25 years. W has the overwhelming endorsement of the men who are fighting this and who know, all too well, how neceasary it is to have adequate training, It is not a war measure but a peace program. Its opponents falsely label it conscription, but nothing could be further from the truth, because trainess could not be called up under a seinclive service system in the same way as all other men. The Church of Jesus Christ of Latter-day Saints (Mormons)-which renounced polygamy more than half a century ago-has chosen George Albert Smith, 75 years old, as its eighth president. He succeeds President Heber J. Grant who died recently at the age of 88, after holding the highest office of the church for twenty-six years. The new president, born in Salt Lake City and educated in Mormon colleges there, is the fourth generation of his family to be prominent in affairs of the church, and is related to the co-founder, Joseph Smith. The church has a membership of \$16,000.

Private Gray volunteered to carry mortar ammunition on foot in the fighting in progress in the Colmar Pocket. He traversed a route over which the enemy had perfect observation and subjected to heavy fire from enemy mortars and self-propelled guns. During a barrage he was knocked to the ground from the concussion of a shell bursting nearby and several of the members of the carrying party could not continue because of wounds sustained from this bursting shell. Private Gray picked up the ammunition of his wounded comrades and continued upon his mission, making several trips to the ammunition DP.

Private First Class Gray is a resident of Cass, W. Va.

#### WAR VETERAN KILLED BY TRAIN AT SEEBERT ON LAST SAT. EVENING

Lincoln E. Sprankle, aged 36 years, a World War Veteran, and a member of the CCC camp at Seebert, was instantly killed last Saturday afternoon when he was hit by the Chesapeake and Ohio passtnger train enroute to Ronceverte.

Sprankle, it is said, was lying on the side of the railroad track when the train rounded a bend on a downhill grade, striking the veteran on the side of the head and fracturing his skull.

Sprankle was taken on the train and delivered to the Seebert station, which was a short distance from the scene of the accident. Upon examination of the body it was found that his skull was fractured in several places, several bones in his body were broken and one arm badly torn from being dragged along the tracks.

The body was brought to the Z. S. Smith undertaking parlor, where it was preared for shipment to his home in East Palestine, O. Before shipment a military service was conducted by the veterans of the camp, after which the body was shiped to his home for burial.

POCAHONTAS WINS JUDGING CONTEST

The pocahontas livestock judging team made up of Herbert Hill, Matthew Beard and John Wimer, won first place in the state livestock judging contest against teams from fifteen other counties. For their achievements they were awarded a handsome loving cup which may be seen at the county agents office. Herbert Hill made the highest individual score of any man in the contest and he received a gold medal and will be made an honorary vice-president of the state livestock association.

Henry Beard was re-elected president of the state livestock association for the coming year.

## AFTER PROHIBITION WHAT?

With the rock-ribbed "original" dry state of Maine falling into line for the repeal of the Eighteenth Amendment, and Maryland, Minnesota, and Colorado, it is all over but the shouting so far as Natoinal Prohibition is concerned. Thirty-one states have ratified the repeal amendment so far; every state in which the question has been put to vote. In the light of what has occurred, it is foolish to doubt that all others will vote for repeal as soon as they have the chance, so that by the fifth of December the full thirty-six states whose consent is required to change the Constitution will have registered their

The concern of everyone who regards the liquor traffic as a serious and degrading evil must, therefore, be focussed now on three major items. First, what will Congress do, when it meets in January, in the matter of necessary legislation, both as to the tax to be imposed upon "hard" liquor and laws for the protection of any state which may vote itself dry? For each state is again free to set up its own regulation of the liquor traffic, or to ban it altogether; and it is not at all inconceivable that states which went two to one for national prohibition repeal may vote themselves dry, feeling that they would be able to control what the Federal government could not control. Next, every state legislature will be faced with the necessity of deciding how to license and tax the traffic.

The third concern of those who are opposed to the liquor traffic is with the education of youth in the ways of temperance. That is the most important item of all. It was tremendously effective in the pre-prohibition day; so effective that drinking was hardly tolerated in most communities and drunkenness was uniformly held disgraceful.

We believe there will be a great revival of the temperance movement, and we sincerely hope it will be effective.

# LOOKING AHEAD

It seems certain enough to us that we shall pull out of thedepression about as rapidly as human affairs in the large can be expected to move. A few months from now everybody will realize that the worst has passed; a year or two from now most will have forgotten there ever was a depression.

Things are getting set for the next big upward spurt. Once we are all on solid ground again, big things are waiting to be done. New inventions, which will be the basis of new industries, have been n ing time making tentative advan

"Dog!" announced David, squirming about in his mother's arms. As far as he was concerned, all was again well with the world. Something of this feeling came to the parents. and With a backward glance, which now held wonder instead of blind fear, they went forward with quickened step. When they were quite near, the dog-one of whose remote ancestors had undoubtedly been part Spaniel-moved out of sight at the side of the incline. #### MARLINTON TO HAVE AN AIRPORT IF PROJECT IS APPROVED BY CWA OFFICIALS

The town council for Marlinton, at a special meeting held last Tuesday, completed their part of the plans for the construction of an airport for Marlinton. The site, as selected by a survey made by a governmet aviation representative from Charleston, will be located above the fair grounds about two miles north of here on the lands of the late Uriah Bird, estate.

The field is to be 500 feet wide and 3000 feet long, and it is estimated that the project will involve expenditure of approximately \$20,000. The port, when completed, will be almost in a direct line with the Cincinnati to Washington route, and it is hoped that Mrlinton may eventulaly get air mail service.

The project will be done with CWA labor and the countil directed A. O. Baxter to proceed at once with the surveying and work will be started as soon as it is approved in Charleston.

The council received an offer from F. P. King, administrator of the Bird estate, to lease approximately thirtyfour acres for the field at \$2.50 an acre for a period of five years, and an option to purchase this amount at \$100.00 an acre, or to sell now at a price of \$20.00 an acre if the council would take a tract involving approximately one hundred acres. #### DREAM COME TRUE

That couple was Aubrey E. and Alma Hess Ferguson. the new owners, editors and publishers of The Marlinton.

Often in the past they used dreamed of the day when, in some quiet, friendly town, they could own their own little newspaper and find their place in the community life. Now it seemed that once again a dream was just about ready to come true.

Hearing that The Journal was for sale, and having conferred with Mr. Henry Woodyard of the publication firm which owned it, they had spent the day looking over the town, talking with different persons, and investigating the possibilities of the business aspects of the printing plant itself. Now, almost enevinged that here was what they had dreamed about, they were undergoing that period of perplexing meditation which accompanies all of life's great changes: Is this the right thing to do?

#### DECISION REACHED

But now the die is cast. The decision has been made. Bridges have been burned behind them. The faces of that young couple are towards the future. They have taken up their work here, asking unly for the chance to work hard and to prove the worth of their intentions.

They are convinced that the field is here. They believe that Pocahontas county wants and needs The Marifigton Journal—if that mutuurlon will be worth wanting, and if it will need that need. It is upon this premise that they are presenting to the people of the county this first insue under their supervision. They feel that you will be proud to have this paper in your home. They believe that you will be proud to have this paper in your home. They believe that you will want to read it, because it will contain those things which are worth reading. #### THE JOURNAL WILL PRINT THE NEWS

We believe the general public will appreciate the assection that "The Journal will print the news." This has been section that "The Journal will print the news." This pass are ests publication of news matter upon the basis of personal likes and dislikes.

It has been our contention always that a newspaper worthy the name is a public institution. It looks to the public for its support and, therefore, it has a definite obligation toward that reading public which must be ful-

We do not mean that editors should be devoid of judgment or discretion. But we DO mean that to put the pub-Beation of the facts which constitute NEWS, and in which a large number of persons may be interested, whether the editor himself be one of them or not, upon the platform "Til do it for Jim, because I like him; and I'll not do It for John, because I don't like him," is not only narrow

to a reading public which is deserving of better treatment.

We feel relieved to add that we are thankful most editors we know are above that level. We only mention it because we know there are a few cultiors and publishers of daily newspapers who are getting by, (temporarily), by giving their readers only what THEY want them to have. We don't want to be classed in their category.

The Journal will print the NEWS.

# CONGRATULATIONS!

TO MR. AND MRS. AUBREY E. FERGUSON AND TO THE REPUBLICANS OF POCAHONTAS COUNTY

The change in the ownership and management of the Marlinton Journal is an occasion for felicitations to the new owners, to Republicans, and to the people of Pocabortas County generally.

It is a source of satisfaction that the Journal, which has so faithfully and intelligently served the cause of Republicanism and the community of which it is a part, passes into the hands of able, upright, and forceful people, who have been stalwart Republicans in and out of season and who have been upstanding leaders in the social, spiritual and sultural life of Harrison County for many years.

There has never been a time in the history of our state and nation when there was a greater responsibility imposed apon a minority political organization than that faced by the Republican party today. Now, as never before, the country needs an alert, virile, and articulate minurity to act as a check against the excesses of the administration in power. The nation faces a graver peril than at any time since the Civil War, and while the conditions threatening our very existence as a free people, preclude carping criticism and petty fault finding, they do demand that we be eternally vigilant in the preservation of the two-party system of Government. It is an hour when we are all Americans before we are Republicans, and it is an Americans that we shall hold the administrations in power in state and nation to strict accountability.

The Marilinion Journal, under the direction of Mr. and Mrs. Ferguson, can be counted upon to discharge its full responsibilities in the great task that lies about. I send my greetings and good wishes to them and to the Republicans of Pocahoutas County,

COL BOSWORTH BUILDS NEW STATE POLICE BARRACKS

This sketch will give you an idea just what the new state police barracks at Elkins will look tike when they are completed in November. Colonel John W. Bowerth, Su-perintendent of the Department of Public Safety, directed the barracks to be built soon after he was appointed head

of the state police a few months ago. The building, larger state police barracks in the state, will be headquarters for Company "C," the last Company in the state to get new quarters. The Company is commanded by Captain Goo. H. Skaen and Lieut. E. L. Clark.

### THIS ONE HAS FLOPPED

After a long list of apparent successes in many endeavies it is now becoming evident that the Administration finally has flopped in one reals. That is in the tremendous effort made in the last several mostle to create

then finally has flooped in one reads. That is in the last several months in create a war spirit in America.

Must of these who have visited apposition openly have been subjected to counts official criticism and slanderous insult from men in high government positions, and even from the President himself. But millions who have such final term of his bear of the make in war entired, by a sect of American version of "passive resistance."

Voluntary enlistment falled. The appeal for roduntary gas curfer regulation has been a dual.

All the fall researches have followed rapidly upon the last of the fall resistance of the substitute of a vital materials falled. The appeal for roduntary gas curfer regulation has been a dual. And the voluntary describes a dual of the fall resistance of the control of the roduntary gas curfer regulation has been a dual.

The substitute of the resistance have been unpopular, and have necessitated frequent revisions.

necessitated frequent revisions.

E. Stanley Jones, eminent missionary-evangelist, dur-E. Stanley Jones, eminent missionary-evangeme, but ing a recent speaking tour declared, "Eighty-five per cent of the people of America are opposed to war. But eighty-five per cent of official Washington is fatalistic about it, and thinks we must have it. And if eighty-five per cent of a second of the people o the American people are not careful, eighty-five per cent of the folks in Washington will lead them into war."

But that eighty-five per cent is resisting doggedly? And they have been supported by the press!

To prove the truth of these contentions, we offer the following exceepts from a poll by Editor and Publisher, newspaper trade magazine, showing that 871 of the 1,878 newspapers listed in its 1941 international yearhook were sed to immediate United States participation in the war by a vote of more than two to one.

By a similar vote, the magazine said, the colliers de-clared the host interests of the United States would be served by avoiding the conflict.

Editor and Publishes said the papers approved by a well of more than two to one selative of strategic busys. swited by fureign powers in the interests of United States

The magazine, in publishing the remits of the poll, said the editors replied as follows:

1. Do you favor immediate active military and naval ethipation in the war? Yes, 256; No. 615. Unanexervit, 44.

2. Do you think the best interests of the United States will be conserved by armiding the conflict? Yes, 512; No. 216. Unanewerd, 56.

3. Do you favor seisure in the interests of the United States defense program of strangte bases owned by for-sign powers? Yes, 589; No. 22s. Cameraveed, 71.

4. Do you favor a federal law regulating commodity prices? Yes, 451; No. 360. Unanowered, 35. 5. Do you favor a federal law compelling arbitration in labor disputes? Yes, 727; No. 122. Unanowered, 22.

In addition to all this, we hazard the further goese that people and press will continue to turn a cold shoulder as Administration plans, as long as the present leaders persist in ignoring the Congress, plansing the fate of the scatter in secret puries, giving "attent" aid to continue like Russia, whose designs on Apartican freedom are see tabily as estimulastic as any other distance parties as a breaking faith in provision which see as usuity broken as the governial pie-orus.

RATIONAL ADVERTICUS: REPRESENTATIVE

Marlinton, West Virginia, Thursday, August 28, 1941

"C. D."

Bringing forth a great deal of comment, and many expressions of regret, is the announcement made in last week's paper of the resignation of G. D. McNeill, principal of Marlinton high school for more than eighteen years and a veteran teacher and public servant.

Mr. McNeill's career has been one of varied experiences; a life of adventure and conquest. From a carefree youth, the natural course of the events of his life has led him to a maturity of sound judgment and integrity. Having tasted both the hitter and the sweet, he has been able to realize, and to meet with understanding, the problems of the youth with whom he has associated. And as principal of the local high school he has won the respect and admiration of hundreds of boys and girls who have attended there during his long period of service. All of them, and the county at large, will be sorry to see him go.

And while it may seem to all his friends, perhaps to Mr. McNeill himself, that his advancement to an importast professorship at Davis and Elkins College is the epitome of success for one in the teaching profession; yet it seems to this writer that Mr. McNeill has achieved an even greater success. The evidence of it is this: That here is a man who has so builded himself into the lives of

almost loof the identity of a name, and has become, to young and old alike, familiarly and affectionately known as just plants "G. D."

"SAW HIM AT THE FAIR"

### FREEDOM

In an editorial that has been reprinted from coast to enant, road over the radio and given a dramatic reading. on a CBS network, Hand Parker, young reporter on the Louisville Courier-Journal, has defined freedom, Cap-Samed "Freedom is Made of Simple Stuff," she wrote:

Trum the archives of broken peace we are bringing out old words and dusting them off for use again as shiping lauteens to lead us through the darkness of another war.

"Words like freedom, justice and truth — all of them hard to define, none of them used more frequently than

"You cannot say what freedom is, perhaps, in a single non. It is not necessary to define it. It is enough to peint to it.

"Freedom is a man lifting a gate latch at dusk and sit-ting for a while on the porch, smoking his pipe, before he ms to bed.

"It is the violence of an argument outside an election poll; it is the righteous anger of the pulpits.

### and his FIRE PREVENTION WEEK

Each year in October, Fire Presention Week is ob-served by proclamation of the President of the United States. It is a call on the citizens of this country to reduce loss of life and property by fire.

That week is always important. This year, with the ceasing engaged in the greatest defence drive in all bis-- a strive which means that a large part of the human and material resoturers of this country must be turned to the gigantic took of making so militarily imprograble - the work is a fundaced times more important cill. It has been said many times, and it should be said many times upain, that fire is the enemy of defense. Fire is the waster, the implacable desirayer of time, of human affort, of life, of resources. Fire fights against the swift been applicable to a second by an employing to mitterberg tanks. Fire fights against the matern's safety-

In the past years, it has often happened that fire losses have gone down during the week and the period immediately following only to rise charply thereafter. In other words, we American have had short memorios. The lea-

were learned during the weak terre spaintly forgotton, and we reliqued into our sid openhau, thoughtless babits. That must not happen now. We must regard every week as a five prevention wash. We innot regard every day as a sky in which to keep in mind the beauty that breed fire, and the sermes of alliminating them. Only if it, the tapen than that is done, can fire, not ever-present five, by beginn. The Faithet, and Faith were against fire is a war for American safety in which severy one of me can play an aggressive part.

### THE RED CROSS SERVES AND SUPPLIES

The place of the American Hed Cross in the service of the world in fire, and flood, and quake, and portlence is all the well known to require empants here. But 9. is interesting to note the increasing unclaiment of the find Cross so an agency of "supply."

Needly people everywhere are receiving the nor of life through the effective distribution channels of this worthwhile organization.

And last week the production department of the Posalonnan county chapter forwarded to the national ship-ping center in quota of oseful garments. Numbering and please, the alletment was ciswed by this editor, who al-

pieces, the alletement was circued by this editor, who attends the quality of workmanship and the pride of the finished piece, which was plainly evident.

As a result of this inherent groothess in the lives of women who can see and built, and who have been welded butto a great production unit by an organization of which they themselves are the very sessence, many persons who are tendergoing fiver trials, and who have lost all earthly possessions as they have field the ravages of war, will reserve practical convolucions robes and hospital shirts, dresses, sweaters, stockings, and handlewhists. And for budy, the sweetest of little sibbon-trimmed pink and blue wraps and caps.

One dues not need to be a "softle," one needs only to be plainly human, and to be moved only elightly by imag-mation, to realize how such all this will mean to the reexplores of those articles. -s/Oo

### SHORT-CHANGING THE FARMERS

In many parts of the country, the dairy farmers are seeking a larger return for their milk. The plight of these farmers is graphically shown by a simple set of figures. During the five years, 1925-29, the return on cowe per

hour of labor averaged 45.6 cents. During the ten years, 1930-39, the average was 17.6 cents,

He you can hardly accuse the farmer of profiteering when he seeks a little more money for his labor and investment. Today he is caught between low incomes or the one band, and constantly rising taxes and wages and material costs on the other. That situation, if prolonged, can only result in thousands of farm bankruptcies and a grave decline in the nation's agricultural production. The farteer must be given equality with the other economic groups of this country.

### GETTING PEOPLE OUT OF DEBT

Writing in the New York Post, S. F. Poster said: "There's more to this tigitisning of credit terms than just a movement to help control installment sales.
"There are real indications of the development of a

ew philosophy of credit among the financial leaders of short tenger in it is the nation - a philosophy aptly expressed in the Amer-Scan Bankers Association comment that 'a bank should as-

### RESTORING JACKSON'S MILL

The Journal wishes to give term-disps furtherance to the blin of restoring to metalress the Jackson's Mill, at the listoric Four-H camp site. The alex first came to our athesitos when we coul of it in Editor Smith's splended "Kind Morning" column in The Fabraciet Times, and it is so in teeping with our own ideas of advertising West Virginia that we want to puse it on to our readers, in the hope that they, too, will start pushing the project.

The plan, according to Editor Smith's article, is to "re store ... to an operating setablishment" the old mill "with a view of grinding a special kind of corn moul to be sold in fancy packages to the tourist trade. . . . The marketing of the comment to the tourists . . , would probably become a function of the state parks.

"It is the fashion these days for states interested in the turbs trade to sell official souvenirs, and the Stonewall Jurkson commonl of West Verginia would full into that category. The finished product, according to the plan, would be sold in fazzy sacks, holding various quanalties of moul, and each each would be in the exact shape ad the state of West Virginia. Each suck would also renlade a little booklet of recipes for the variets things you eat rake sit of sermeal -over takes, corn bread, boo

"The cost of contering darkson's Mill to a productive state will be in the neighborhood of \$12,000.... The same type of grinding implements need in Jackson's day will he installed, and it is larged that some of the original stone can be to applied by the state. The old mill-state will be restored, probably by WPA labor, and the crutall expense will be kept at a telestrom.

"It is extinipated that when the corn road is marketed # will not like hourshoe and will help advertise. Work Vir. glade all over the country. How many places the meal can be bright builder the state purks has not yet been figured sest, but it is hoped that it will be available everywhere tourists are likely to visit, such as hower right stands, some filling stations and at certain stores in the towns and

Also, Mr. Smith (with referr In his column to the laherest in these projects manifested by T. D. Gray, state preservation director) points out that the plan a theads itarif to include machettay in almost facilies West Virginia mark symp, and the recently of the main Christopy while highway so that it will pass the old mill situ.

### RESTORING JACKSON'S MILL

The Journal wishes to give immediate furtherance to the idea of rectoring to usefulness the Jackson's Mill, at the historic Four-H camp site. The idea first came to our attention when we read of it in Editor Smith's splendid "Good Morning" column in The Fairmont Times, and it is as in keeping with our own ideas of advertising West Virginia that we want to pass it on to our readers, in the hope that they, too, will start pushing the project.

The plan, according to Editor Smith's article, is to "re store . . . to an operating establishment" the old mill "with a view of grinding a special kind of corn meal to be sold in fancy packages to the tourist trade. . . . The marketing of the commeal to the tourists . . . would probably become a function of the state parks.

"It is the fashion these days for states interested in the tourist trade to sell official souvenirs, and the Stonewall Jackson cornmeal of West Virginia would fall into that cutegory. The finished product, according to the plan, would be sold in fancy sacks, holding various quantities of meal, and each each would be in the exact shape of the state of West Virginia. Each suck would also contain a little booklet of recipes for the various things you can make out of commeal-corn cakes, corn bread, hoeeake, etc.

"The cost of restoring Jackson's Mill to a productive state will be in the neighborhood of \$12,000.... The same type of grinding implements used in Jackson's day will he installed, and it is hoped that some of the original stones can be recaptured by the state. The old mill-race will be restored, probably by WPA labor, and the overall expense will be kept at a minimum.

"It is anticipated that when the corn meal is marketed it will sell like hotcakes and will help advertise West Virginia all over the country. How many places the meal can he bought healdes the state purks has not yet been figured east, but it is hoped that it will be available everywhere touriets are likely to visit, such as hotel cigar stands, some filling stations and at certain stores in the towns and

Also, Mr. Smith (who refers in his column to the interest in these projects manifested by T. D. Gray, state enservation director) points out that the plan extends itself to include marketing in similar fashion West Virginia maple syrup, and the rerouting of the main Clarkshurg-Weston highway so that it will pass the old mill site.

With apologies and thanks to Mr. Smith for this par-tial reproduction of his column, we make our own confestion that the beauties and interests of West Virginia are unexcelled, and that our roads are rapidly coming to to the place where they compare very favorably with the roads of any mountain state, to make these sites accessible Therefore, not only the State Publicity Department under Scott Cutlip, but each individual citizen, should lead every effort to bring to successful completion the plans which are being laid to advertise our State. We should do this, not only locause it will be profitable, but also to bring our State in the minds of people generally to a high place, where our State and its people will be respected and ad-mired for the really fine qualities which they process.

Let's dedicate ourselves to-

# 25,000 young men wanted immediately to get best aviation training in the world

Right now the world's fastest planes are rolling out of America's factories by the thousands. That's why the United States Navy needs 25,000 new men to fly and service these planes. That's why your Navy is offering qualified young men the fasest training course affered secretary. Now you can get paid to lead the greatest life in the world. Aviation Cadeta in the United States Navy get \$75.00 a month during seven months of flight training. Then they become Naval Aviators receiving as much as \$245.00 a month.

# Earn while you learn

Uncle Sam's Navy offers you tremendous op-portunities for advancement in a wide variety of faccinating jobs. There are 45 skilled trades and vontions which the Navy may teach you if you are qualified. If you're interested in radio work, engineering, serial photography, carpen-try, pharmacy, welding, the Navy may spend \$1,500 in one year training you to become an expert in your chosen field.

# Opportunities for advancement

If you apply yourself, advancement and in-creases in pay will follow regularly. Before the end of your first enlistment you may be serving up to \$126 a month—with your board, keep.

and a complete outfit of clothing /rec/ If, at the end of your term of service, you wish to get a job in civil life, your Nevy training will be a tra-mendous asset to you. Employers the country over are some to employ Nevy-trained men.

A SHOOTING IRON AND A BIBLE

If Thankigiving Day embraces any particular attributes, certainly two of them are the qualities of Spirituality and Freedom.

Within the spiritual quality is embodied all the hopes and ideals of man. His sulgmatic conviction that over and above all of life there is a God who "stands in the shadow, keeping watch over His own." I mustely he feels that whenever life has been blessed and preserved, whenever ideals have conquered and aspirations for good have become dominant, that although many elements, including the earnest effort of man himself, have been responsible, yet the guiding influence and overwhelming certainty of ultimate achievement have been the result of the providence of God. Therefore, to Him man lifts up his heart boldly, and hows his head humbly, in acknowledgment of man's recognition of His love and sublimity, and of man's own inadequate abilities.

Within the quality of freedom is embodied man's inalienable right to engage in the pursuits distated by his spiritual concepts. The right to recognize the sovereignty of God and give expression to that belief. The right to make effective in one's life the motives prumpted by one's understanding of God's will for man. The right to enjoy the fruits brought about in a world where people are will ing to live within the limitations of God's holy and right-

These qualities of Spirituality and Preedom are thus interwoven and interdependent.

Emblematical of their establishment and growth are a shooting iron and a Bible. Strange and paradoxical. The Bible is naturally the antithesis of the weapon of the Cam and County When Car Leaves Ro Emblematical of their establishment and growth are force. Force is contrary to the will of God and all that Jesus stood for. And yet it seems that there has always been an element among men which has sought to deprive we man of his right to live as a freeborn citizen of a world wherein God could be recognized as its only Head. Thus man has had to place alongside his Bible an offensive implement to warn oppressors of his intention to exercise and torol his spiritual implications as he understands them.

Today in many parts of the world, yes, we concede. perhaps even here in America, man's spiritual desires are as the greatly endangered. And because of a greatly increased of per and more highly complicated civilization, and because of the extreme power of these oppressive elements, the need for defensive and offensive weapons is almost beyond our powers of conception. And we accept only with hesitation tool others' estimates of their number and caliber.

So, we join in giving thanks to the One Who has so richly blessed us. We are thankful because He inspired and Northly and food and as Bullians with a belief in spiritual ideals which are impregnable. We are thankful for the heritage under which forms to be said at Contract the last thankful for the heritage under which will be completed and said at Contract the last thankful for the heritage under which these noble ideals have been preserved for us to enjoy. We are thankful for the more homely things: That we live in a land where there still is opportunity for one who is willing to work to succeed. That one can have friends and that his right to assomble with them for social followship has not yet been impaired. And that we have down deep within us the earnest desire to preserve these blessinglifor posterity.

All of this is the reason why in 1942, even as in the days of the Pilgrim Fathers, assembly though it may be, the symbols of Thankagiving Day are a shooting iron and a Bible. The one emblematical of man's desire to be free. The other emblematical of his determination to fuster and to surture that desire?

PERCONANT WINES PRODUCED AT MANUFACTOR, WHAT PERCON

Marlinton, West Virginia, Thursday, November 27, 1941.

## HONOR SEEKS FOR THE DESERVING

It's almost too familiar to hear repeating, about the world heating a path to your door if you build a better secure-trap than your neighbor, but the honor which has been bestowed upon John A. Systemstricker is proof that ability and integrity can never be obscured by the sur-

and integrity can hever be obscured by the surroundings in which they reside.

It is admitted, of caurae, in spite of all its virtues and recommendations, that Marlinton is decidedly a "similar to the possibilities. Therefore, it may seem odd to some that a cashier of one of Marlinton's house should be elected to share the distinction of some of the nation's outstanding handless and institutions are member of the Board of Directors of one of the Federal Reserve Banks.

But, there is really no mystery, and no secret to the formula. It is the ultimate engineers of years of service to a profession and to one's fellows.

John Spdenstricker has proved himself to be a dependable and capable official of an important agency in community life. And all the people of Marlinton and of Forsahontas Coonty should rejoice that he has been thus hecored. And of course it goes without saying that the Member Bankers, in looking over the initial list of candidates for the position, would not deliberately choose the the man whom they considered the worst bank?
